Jay,

The SLERA Work Plan approval letter from KDHE, dated February 12, 2015, erroneously requested MRP to submit a revised work plan. There is no reason for MRP to resubmit the SLERA Work Plan as there were no changes made to the document since the last revision. No submission will be necessary. The final document will be the revision dated October 24, 2014. Please feel free to call me if you have any questions.

Mark,

Is it okay then if we do not resubmit the document today? Or do you prefer that we do resubmit it?

Jay

Jay,

I have checked on the SLERA Work Plan and concur with you that there does not seem to have been any additional changes/revisions to the document since October 24, 2014.
